COLLEGE OF
ENGINEERING
(AUTONOMOUS),
KOLHAPUR

Education

Program	Institution/Board	%/CGPA	Year
B.Tech (Computer Science and Engineering)	Kolhapur Institute of Technology's College of Engineering, Kolhapur	8.2	2022-2025
Diploma(Computer Engineering)	Goverment Polytechnic, Miraj	91.94%	2019-2022
Secondary School Certificate	Late M.D Karmarkar Highschool Miraj	82.40%	2019

Key Projects

1. Mobile Shop Management System Using Java

- I developed a Mobile Shop Management System that efficiently handles key operations including adding and selling mobile devices, managing employee attendance, handling repairs, and maintaining brand records.
- I used Java Swing and AWT classes, ensuring a user-friendly and visually appealing interface.

2. Bus-Reservation-System

- Developed a web-based Bus Reservation System in PHP, featuring an admin module for managing bus details, drivers, conductors, and routes, and a user module for selecting routes, booking seats, printing tickets, and providing feedback.
- This project enhances operational efficiency and user experience by streamlining bus booking and management processes.

3. Gamified Platform for Children's Right

- It is a gamified platform built with Flutter, designed to educate and empower children about their rights. Through interactive games, engaging stories, and fun challenges, children can learn about their rights in an entertaining and accessible way.
- The platform aims to foster awareness, understanding, and advocacy, making the learning process enjoyable and memorable for young users.

4. Multilingual Data Transformation and Analysis System

- The system automates multilingual data processing using NLP, translating data for analysis and back into original languages, saving time and resources.
- It enhances decision-making with real-time analysis, data integration, and data security for languages like Marathi, Kannada, and Telugu.

Positions of Responsibility

1. Training and Placement Cell - Central Committee Member

- Managed data handling ,anchoring and crowd during drives.

Soft Skills

1. Problem Solving

2. Focused

3. Time Management

Technical Skills

Programming Languages

- C
- C++
- Java
- Python

Development

- HTML
- CSS
- PHP
- Javascript
- Android (Java)

Other tools and technology

- MySQL

Coursework

- OOPs
- DSA
- DBMS

Achievements & Awards

- National Level Technical Event PIONEER - Participate
